

## Mediaeval Decorated Letter 2

David is really small compared with the giant Goliath. David has no armour and is ready with his sling laden with heavy stones. In contrast Goliath is fully kitted out with a shield and spear, wears chain mail and a close fitting helmet with a nose piece. It needed a really good aim to find the gap in Goliath's face for the stone to hit its target.

*La Charité Psalter. Harley MS 2895, c. 1180.*
